## 'Stay Safe' leaflets for young people

The world is constantly changing and there are always new ways to communicate with friends, explore the world and get connected. Society puts pressure on young people to experience new things, but that can make them feel vulnerable and unsure about the world around them.

The STAY SAFE leaflets contain information for young people about how to stay safe online and in the real world, and how to report something that makes them feel worried, scared or upset. They are section-specific and available from local Scout Shops free of charge.

They can also be downloaded in pdf format from the links below:
